Subject: my tetimony for the insurance hearing on tuesday

To all his may concern.

My name is William L. Kuhns. I want to be heard through email due to not being able to attend this hearing. I live at 25 scott road, propect,ct 06712 my phone number is 203 927 3269

I want to state I am opposed to any actions taken against my right as a united states citizen and a citizen of connecticut. I am opposed to any futer action taken against my god givin rights and my rights set forth by the fore fathers of this country. I am opposed to any type of insurance bill staing I must have my firearms insured for whatever reason. In my opinion you cannot force the people of Connecticut and the United States to have to have insurance for one of their Rights. Or any of their rights. This is an outrage and should be and is in my eyes illegal. In fact any actions that infringe upon any of my rights as a good hardworking citizen of connecticut are and should be lawless. None of the bills set forth make any sense what so ever. None will deter criminals, none will deter crime. Are the people behind such bills just doing this just to say they did something? Rather than the right thing? I have heard no proof or facts that any of these bills especially this one introduced today will stop or curb crime. Futhermore, I don't think anyone can tell me this will stop anything criminal imparticular. This is my testimony and I want to state again I am opposed to this and all hearings and bills that infringe upon any of my rights.

Sincerely
William L. Kuhns
